the problem explored in the soul of beauty is the split in modern consciousness between the world of perception and appearance on the one hand and the world of action and meaning on the other we see in one way and find truth in another the work presents this dualism as a problem in the modern sense of beauty the intent of the book is the recovery of beauty as that which brings together such contemporary splits as perception and action appearance and meaning matter and spirit subject and object beauty is imaged in two paradigms the first presents beauty as a matter of appearance which holds meaning beauty as truth the second holds that beauty is subjective experience which in its modern sense is divorced from knowledge and practical action beauty as relative experience the paradigms are formed through an imaginative and historical exploration of the tradition of beauty in western consciousness the prototype of the first paradigm beauty as appearance is seen in the goddess aphrodite who reflects the greek sense of divinity in form itself this paradigm is then founded upon the tradition of plato in the phaedrus and the symposium plotinus dionysius and ficino the major elements of this paradigm are depicted in beauty as 1 source in a hierarchical universe 2 universal mediator 3 object of love 4 human perception 5 human knowledge 6 light and 7 unity goodness and being the suggestion is

made that the paradigm of beauty as appearance is relevant for psychology as a study of soul because it brings together perception and meaning the paradigm of beauty as a subjective experience focuses historically upon beauty as a spiritual conceptual proportion methodological linear perspective and subjective phenomenon in the tradition of proportion and subjectivism knowledge is gained through perception that occurs via an organizing system such as mathematics or a concept such as proportion rather than through the direct perception of appearance meaning is separated from perception and the organizing system or concept not appearance becomes the ground of knowledge it is suggested that this paradigm reflected in scientific and conceptual psychology is problematic for psychology as a study of soul instead psychology conducts its endeavors in the service of identification with the divine control over the physical world and certainty of consciousness the final portion of the work examines the recovery of beauty as appearance in contemporary psychology through the notion of image in jung's later thought and the phenomenon of psychotherapy the work concludes with a presentation of psychology as an aesthetic enterprise bringing together meaning and appearance spirit and matter art and science subject and object

in his last years otto rank turned his lifetime of thought and learning toward two of the most difficult topics in human history religion and the soul the result was this now classic work available in this new very accessible english translation unlike many other intellectuals of the twentieth century rank maintains a place for the soul rather than dismissing it as a fantasy the soul and the beliefs about it he argues set forth the foundation for psychology with its complex analyses of consciousness self consciousness and personality rank's commentary is not limited to beliefs about individual souls but includes ideas about group souls sometimes encompassing nations or generations rank suggests that it is in expression of group beliefs that the idea of the soul attains its greatest power
